**Pitch and
Team
Building**

Some things we'll do today.

Get ready for a magical experience!

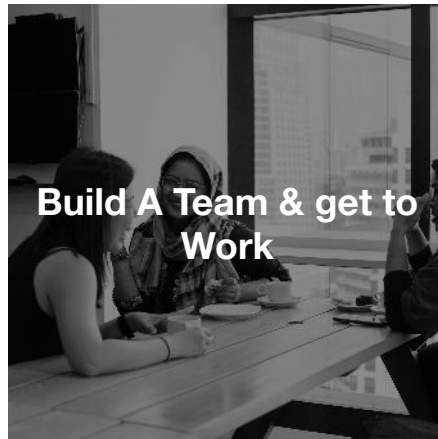

3 Minutes to Pitch

You've got 3 minutes to pitch in front of the group.

Meet the Projects

Choose which one you'll work on over the next two days.

Build A Team & get to Work

Whether it's your idea or someone else's, you'll create a cross-functional team to work with over the weekend.

Lunch & Networking

Get to know your new friends. Meet the people you'll be working with over lunch

Sunday

9:30 am	Café, Gipfeli
10:00 am	Start Presentation
11:15 am	Group Building & Start Working
12:30 pm-01:30 pm	Lunch
05:30 pm	Team check-in
06:00 pm-07:30 pm	Dinner
Open End	End working

Monday

07:00-08:30 am

Breakfast

12:30-01:30 pm

Lunch

02:45 pm

Tech Test

03:30 pm

Final Presentation Main Building

05:00 pm

Apéro

Don't forget to hand in you Badge before leaving.

Challenge 01

Legal Overview

Problem?

How do I find all published judgments on a particular article of law?

Challenge 01

Legal Overview

Solution?

A list, sorted by law article, of judgments in which this article is cited. Ideally with a short excerpt from the judgment (as usual in the hit list of search engines).

Challenge 01

Legal Overview

Resources:

Copyright law (and other laws)

Entscheidsuche.ch

Challenge 02

#fragdenbund

Fort-
schritte sind allerdings durch-
aus erkennbar

 Arbeit und Soziales	 Auswärtiges	 Bildung und Forschung	 Entwicklung
 Familien, Senioren, Frauen und Jugend	 Finanzen	 Gesundheit	 Inneres
 Justiz	 Kultur und Medien	 Landwirtschaft und Verbraucherschutz	 Umwelt
 Verkehr und Bau	 Verteidigung	 Wirtschaft	 Andere

Challenge 02

#fragdenbund – “Ask the Confederation”

Wir setzen eine Plattform auf ähnlich zu **fragdenstaat.de**

1. Du stellst eine Anfrage. Wir leiten diese an die zuständige Behörde weiter.
2. Du erhältst eine E-Mail, sobald die Behörde auf Deine Anfrage reagiert.
3. Die Antwort wird **öffentlich*** einsehbar, transparent und gemeinnützig.

(* evtl. nach eine Embargoperiode)

Challenge 02

#fragdenbund

- Wir sind in engem Kontakt mit **Öffentlichkeitsgesetz.ch** und hoffen dadurch auch ein Dienst an Medienschaffende zu leisten.
- Eine GitHub Repository und Projekt Tracker sind bereit.
- Daten zu Schweizerische Public Bodies sind vorhanden.
- Eine Domänenname ist reserviert :)

Challenge 03

Textbausteine Markieren

Die Lektüre von Urteilen kann ermüdend sein, u.a. deshalb, weil ein Grossteil der Texte gar nicht neu ist, sondern schon in zig anderen Urteilen zu lesen war. Das liegt daran, dass Gerichte gerne mit Textbausteinen arbeiten. Bis zu 77 Prozent des Textes eines Urteils ist gar nicht neu, sondern aus früheren Urteilen zusammenkopiert.

Challenge 03

Textbausteine Markieren

3.

Zu beurteilen ist zunächst, ob dem Beschwerdegegner grundsätzlich ein Anspruch gegen die Beschwerdeführerin auf Ausrichtung eines Bonus für das Jahr 2017 zusteht. Die Beschwerdeführerin bestreitet die rechtliche Qualifikation des Bonus als unechte Gratifikation. ¶

3.1. Da der Begriff des Bonus im Obligationenrecht nicht definiert wird, ist im Einzelfall zu prüfen, ob ein vereinbarter Bonus als Gratifikation im Sinne von Art. 322d OR oder als Teil des Lohns im Sinne von Art. 322 OR zu qualifizieren ist (BGE 142 III 381 E. 2; 141 III 407 E. 4). [\[gekürzt, hier Klicken zum Ausklappen\]](#)

3.1.1. Um variablen Lohn - Situation (1) - handelt es sich, wenn ein bestimmter oder aufgrund objektiver Kriterien wie dem Gewinn, dem Umsatz etc. bestimmbarer Bonus vereinbart ist (BGE 129 III 276 E. 2; zit. Urteile 4A_155/2019 E. 3.1; 4A_78/2018 E. 4.3.1).

3.1.2. Eine Gratifikation zeichnet sich gegenüber dem Lohn dadurch aus, dass sie zum Lohn hinzutritt und immer in einem gewissen Masse vom Willen des Arbeitgebers abhängt. Die Gratifikation wird damit ganz oder zumindest teilweise freiwillig ausgerichtet. [\[gekürzt, hier Klicken zum Ausklappen\]](#)

3.1.2.1. Es besteht ein Anspruch - Situation (2) -, wenn zwar grundsätzlich ein Bonus vereinbart wurde, jedoch dem Arbeitgeber bei der Bestimmung der Höhe ein gewisses Ermessen verbleibt (BGE 136 III 313 E. 2; 131 III 615 E. 5.2; zit. Urteil 4A_78/2018 E. 4.3.2.1). Die grundsätzliche Verpflichtung zur Ausrichtung kann im schriftlichen oder mündlichen Arbeitsvertrag ausdrücklich vereinbart worden sein. Sie kann aber auch während des laufenden Arbeitsverhältnisses durch konkludentes Verhalten entstehen, wie bspw. durch die regelmässige und vorbehaltlose Ausrichtung eines entsprechenden Betrags (BGE 136 III 313 E. 2; 129 III 276 E. 2; zit. Urteil 4A_78/2018 E. 4.3.2.1; Urteil 4A_172/2012 vom 22. August 2012 E. 8.2).

Challenge 10

Kantonale Bestrafung

- Ähnliche Delikte werden unterschiedlich bestraft - in verschiedenen Kantonen, in verschiedenen Bezirken, und von verschiedenen Richter*innen
- Diese Unterschiede sollen soweit möglich untersucht und dargestellt werden
- Ziel: Transparenz schaffen
 - für den allfälligen konkreten Einzelfall
 - aus rechtspolitischer Sicht
 - für ein besseres Verständnis der Justiz in der Öffentlichkeit

Challenge 10

Kantonale Bestrafung

Wie könnte die Lösung aussehen?

- Datenbank aller verfügbaren Urteile wegen Diebstahls (Art. 139 Abs. 1-3 StGB)
- Suchfunktion nach einer bestimmten Deliktsumme (oder Bandbreite)
- Darstellung
 - der Urteile
 - der durchschnittlichen Strafe für diese Deliktsumme (Bandbreite)
 - der Spezialtatbestände (z.B. Gewerbsmässigkeit, Bandenmässigkeit etc.)

Denkbar wäre eine Vielzahl weiterer Filter+Suchmöglichkeiten+Darstellungen

Challenge 10

Kantonale Bestrafung

Ressourcen

- Entscheidsuche.ch (ca. 350'000 kantonale Entscheide auf entscheidsuche.ch insgesamt)

Risiken/Beachtenswertes

- Einfache Diebstähle mit niedrigen Deliktsummen (z.B. einfacher Diebstahl nach Art. 139 Ziff. 1 über CHF 2'200.00 im Challenge-Beschrieb) werden i.d.R. im Strafbefehlsverfahren erledigt, diese Urteile fehlen in Netz
- Art. 139 Ziff. 2 und 3 StGB sollten m.E. ebenfalls mit aufgenommen werden

Challenge 11

Once Only Prinzip

Mathea Muster

weiblich (im Moment)

Dorfstrasse 45

6197 Schangnau

ledig

...

Schülerin

Maurerin

Maurer

Soldat

Steuerzahler

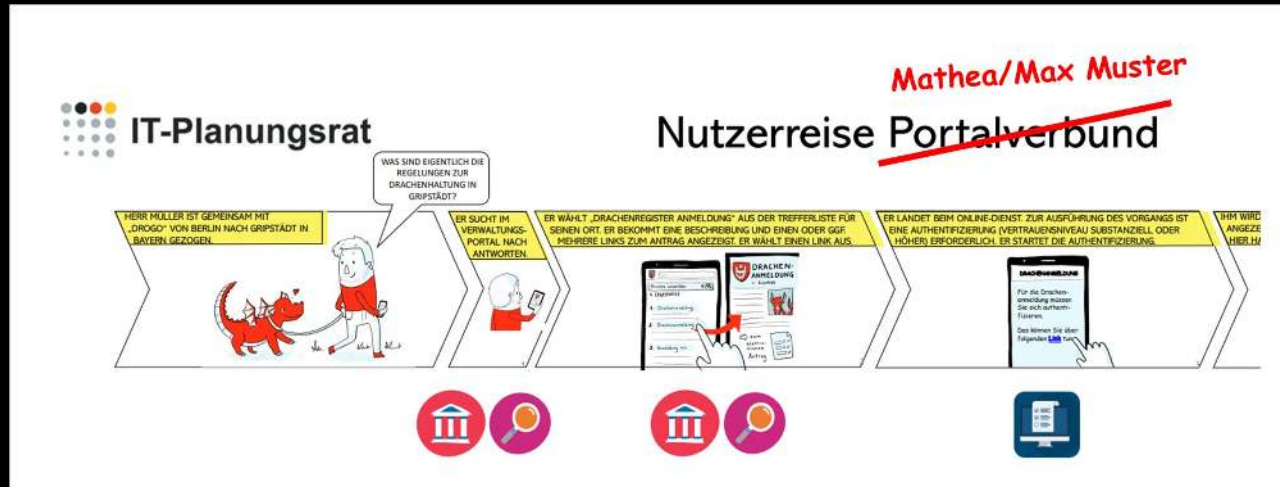

...

Wie kann das
Once-Only Prinzip
und die
Mehrfachnutzung
von Daten zum
Nutzen von
Mathea/Max
Muster umgesetzt
werden?

Challenge 11

Once Only Prinzip

Unternehmen und Bürger müssen Ihre Daten nur einmal erfassen. Diese werden unter Einhaltung des Rechts (insb. Datenschutz) verwaltungsübergreifend zum Nutzen der Unternehmen und Bürger wiederverwendet.

Challenge 11

Once Only Prinzip

Challenge 12

Digitale Notarielle Urkunde

- Legislative project started end of December 2021 regarding digitalization of swiss notarial processes
- In the future, notaries shall be able to digitally create deeds, adding value through
 - End-2-end processing (no media change digital ↔ paper)
 - Continual use of recorded data / deed throughout various IT systems
 - Standardization and digitalization of notarial processes
 - Increase in efficiency

Challenge 12

Digitale Notarielle Urkunde

We anticipate two work results:

- Digital notarial deed in the form of a structure (machine-readable) document
 - see “Deed of Sale (example)”
 - Metadata shall be administrated via uniform data modell (*not yet existing*)
 - At some point, these structured documents should be legally signable
- Visual display system to make the aforementioned structured document human readable

Challenge 12

Digitale Notarielle Urkunde

We cultivate an innovative, established environment with highly qualified specialists possessing relevant technical and professional skills

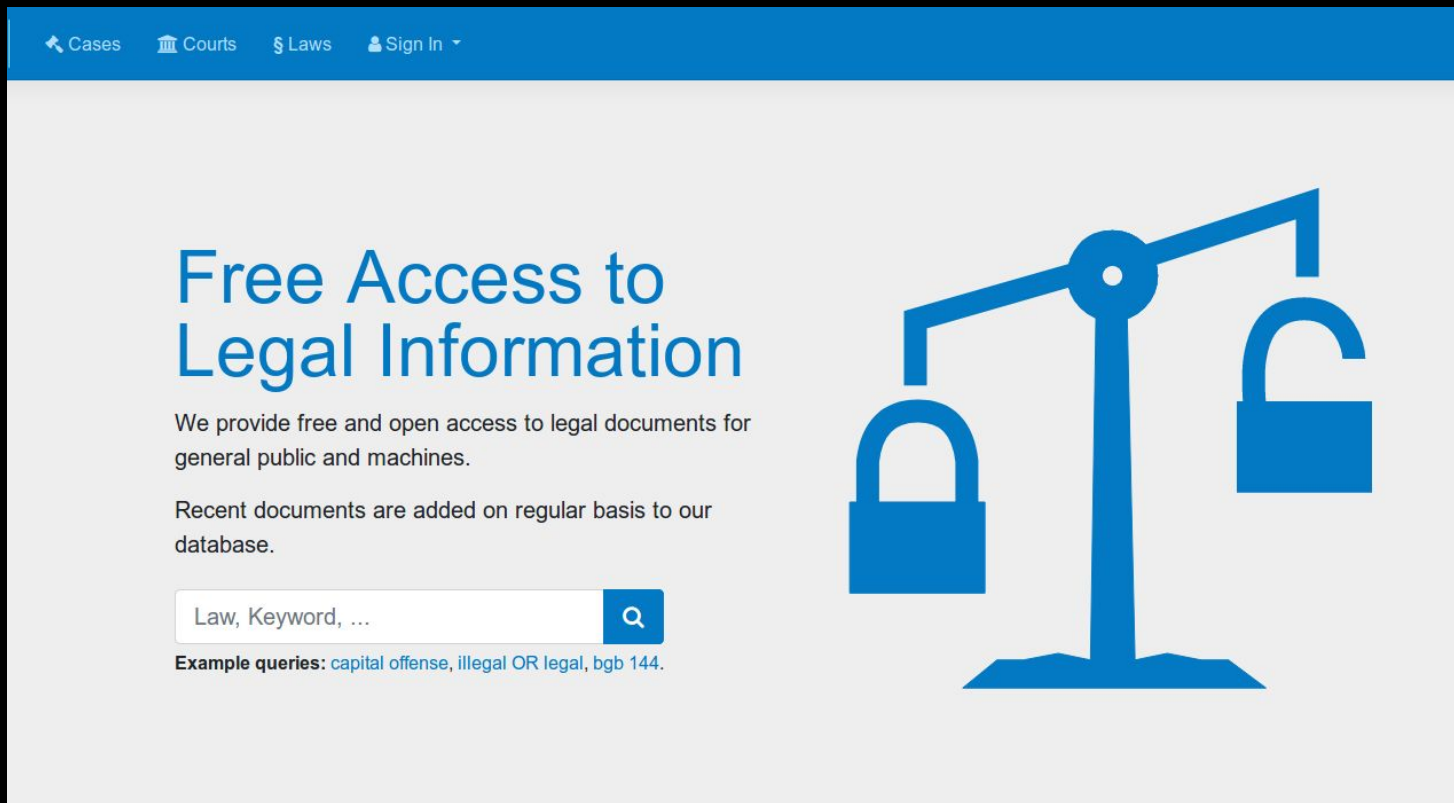

As the legislative project progresses it will create opportunities for creative, talented people to enter our field

Challenge 13

OLDP

openlegaldata.io

The screenshot shows the homepage of openlegaldata.io. At the top is a blue navigation bar with links for 'Cases', 'Courts', 'Laws', and 'Sign In'. The main content area has a light gray background. On the left, the heading 'Free Access to Legal Information' is displayed in blue. Below it, two paragraphs of text describe the service: 'We provide free and open access to legal documents for general public and machines.' and 'Recent documents are added on regular basis to our database.' A search bar with the placeholder text 'Law, Keyword, ...' and a magnifying glass icon is positioned below the text. Under the search bar, example queries are listed: 'capital offense, illegal OR legal, bgb 144.' On the right side of the page, there is a large blue icon of a balance scale with two open padlocks hanging from its pans, symbolizing open access to legal information.

Cases Courts Laws Sign In

Free Access to Legal Information

We provide free and open access to legal documents for general public and machines.

Recent documents are added on regular basis to our database.

Law, Keyword, ...

Example queries: capital offense, illegal OR legal, bgb 144.

Challenge 13

OLDP

Connect **Entscheidsuche.ch** to the international portal aggregating case data and more, run by **Open Knowledge Foundation Deutschland**

One platform to bring together* discussion around legal publication, search, databases and interfaces.

(* and in the lightness bind them)

Challenge 13

OLDP

- We are in close contact with **@openlegaldata** and hope to develop international connections in this project.
- A GitHub Repository, Project Tracker, and test server are ready.
- We have all the data, and a well documented process.
- Join us! :)

Challenge 14

Casemates

Über eine Schnittstelle ist der Zugriff auf sämtliche publizierten Metadaten des Bundesrechts sowie zugehörige Files möglich.
Dies ist wichtig, damit Dritte ihre Systeme z.B. automatisch nachführen können.
Allerdings scheint der Abruf der Daten eine “Geheimwissenschaft” zu sein, denn SPARQL ist noch wenig verbreitet und der Abruf erscheint entsprechend schwer.

Challenge 14

Casemates

Wir möchten unseren Kunden Hilfsmittel und Werkzeuge anbieten, über die sie einfach auf unsere Daten zugreifen können, z.B.:

- Hilfsmittel zur Visualisierungen,
- Query-Editor als User Interface für unseren SPAQRL-Endpoint.

Challenge 14

Casemates

Wir - drei Vertreter des Kompetenzzentrum Amtliche Veröffentlichungen der Bundeskanzlei - suchen Informatiker und Datenanalytiker, die Spass haben, mit uns zu “SPARQLn”.

Wir haben eine konkrete Vorstellung zu einem Tool, das über Github verfügbar ist und eine Lösung für unsere Aufgabenstellung sein könnte.

Zugegriffen werden kann auf das publizierte Bundesrecht und den SPARQL-Endpoint der Bundeskanzlei.

Ausblick: gemeinsamen, “offiziellen” proof-of-concept erstellen.

Challenge 15

Aditum - Digitaler Zugang

In einer **Nachbarschaftsstreitigkeit** führte der **Gang zum Friedensrichter nicht zum Erfolg** und es wurde eine Klagebewilligung erteilt.

Robin (Privatperson) möchte nun als Kläger ein Klageformular einreichen, beim passenden Zürcher Gericht einreichen. Robin ist **erstmalig mit der Justiz im Kontakt** und möchte nun Antworten auf folgende Fragen erhalten:

- Was sind die nächsten Schritte?
- Was kostet der Gang zum Gericht?
- Wie lange dauert das Verfahren?
- Welche Aussicht auf Erfolg hat mein Anliegen?

Challenge 15

Aditum - Digitaler Zugang

Ziel des Hackathons

Baue einen MVP Chatbot der nutzerzentriert das Leben von Robin vereinfacht.

Alle Informationen die Robin benötigt, befinden sich auf der Gerichtswebsite www.gerichte-zh.ch oder auf www.entscheidsuche.ch.

Challenge 15

Digitaler Zugang

Geplantes Vorgehen

- Schärfen Ausgangslage
- Entwickeln User Journey, Hackathon Backlog
- Einlesen Inhalte Websites
- Iteratives Umsetzen Stories, Trainieren Chatbot

Ressources

- Enterprise Design Thinking Framework
- Conversational Design Framework
- IBM Watson Assistant
- Coaching und Unterstützung

Outlook:

Challenge 16

Solar Dao

Community Energie in Form von Bürgerbeteiligungsmodellen (BBM) zur Finanzierung und Verwaltung von erneuerbaren Energie-Projekten sind sehr beliebt. Die Gestaltung, Verwaltung und Administration von solchen Beteiligungen ist komplex, aufwendig und mit Kosten verbunden.

Um die Energiewende zu finanzieren, könnten BBM einen wesentlichen Beitrag zur Mobilisierung von Kapital aus privaten Personen leisten.

Challenge 16

Solar Dao

Eine Decentralised Autonomous Organization (kurz DAO) ist eine Organisation, deren Regeln im Computercode liegen. DAOs werden nach computercodierten Regeln (Smart Contracts) zum Beispiel auf eine Blockchain durchgeführt und unterliegen der gemeinsamen Arbeit ihrer Mitarbeiter und Mitglieder der Organisation.

Lösung: In einem digitalen BBM, die Prozesse könnten automatisiert werden, die Verwaltung der Mitglieder und Finanzen vereinfacht. Fast alle Daten liegen in digitaler Form vor.

Challenge 16

Solar Dao

MME hat eine DAO in Form eines Vereins entwickelt. Das DAA ist ein Experiment auf die Ethereum Blockchain, die auf eine interessante Weise Technologie und Recht miteinander verbunden, um eine Organisation zu schaffen, die sowohl dezentral als auch rechtskonform ist. Was wollen wir untersuchen

- Wäre das DAA Modell als BBM geeignet?
- Was sind die Vorteile und Nachteile
- Wo liegen die Risiken und Chancen
- Wie könnte das Model weiterentwickelt werden

Challenge 17

Deep Learning

- Natural Language Processing (NLP) has been an engineering task for a long time
- People tried to understand and build models for language
- When Deep Learning showed up, the engineers were outperformed by statistics
- Today, we can do a lot of things in NLP much better than with the engineered models, however, we cannot explain why they work

Challenge 17

Deep Learning

- Research showed, that the bigger the size of a language model, the better its performance
- GPT3 is the world's largest language model (100 times bigger than GPT2)
- It was released to the public as an API in 2020
- We want to use it to summarize court decisions
- It takes less time for people to understand its contents
- In “entscheidsuche.ch” we’ve got data to work with

Challenge 17

Deep Learning

- Summarization is only one thing GPT3 can do, there must be a lot of other possibilities for Legal Tech - let's explore them and collect some more ideas
- I'm a Software Developer and Jurist
- Looking forward to bring creative LegalTech ideas to life

Challenge 18

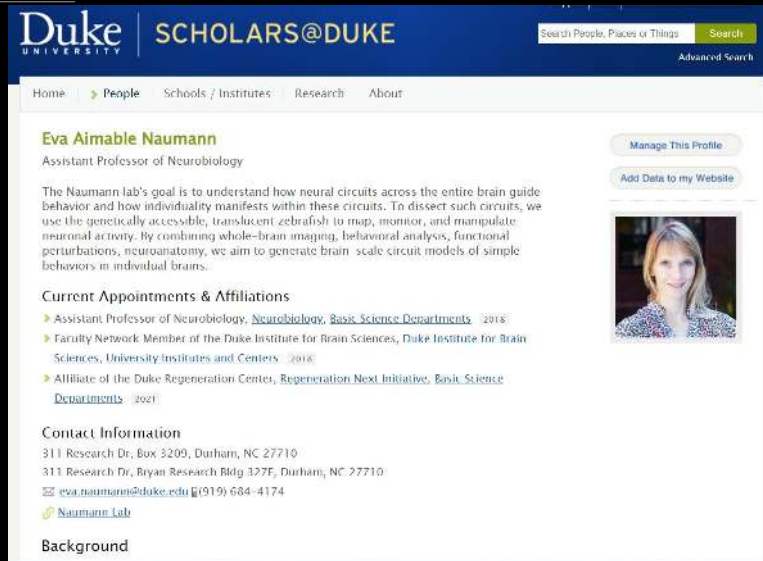

Fachrepositorium Recht

- Ausgangslage: Viele juristische Beiträge irgendwo im Internet frei verfügbar.
- Problem:
 - Man findet sie (innert vernünftiger Zeit) nicht.
 - Es fehlt einer gesamtschweizerischen, fachspezifischen, frei zugänglichen Datenbank.
- Die Challenge 18: Aufbau eines Fachrepositorium für die Schweizer Rechtswissenschaft (schweizweites, zentrales, fachspezifisches Repository)

Challenge 18

Fachrepositorium Recht

Duke UNIVERSITY | **SCHOLARS@DUKE** | Search on People, Places or Things | Search | Advanced Search

Eva Aimable Naumann
Assistant Professor of Neurobiology

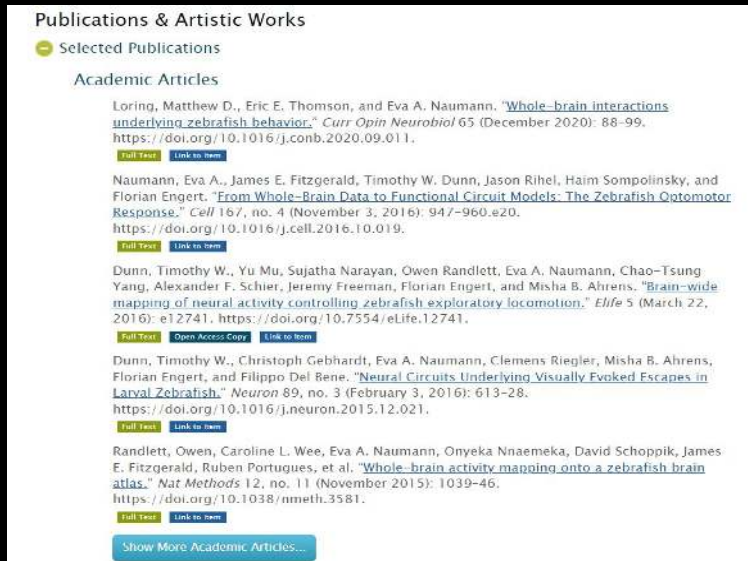

The Naumann lab's goal is to understand how neural circuits across the entire brain guide behavior and how individuality manifests within these circuits. To dissect such circuits, we use the genetically accessible, translucent zebrafish to map, monitor, and manipulate neuronal activity. By combining whole-brain imaging, behavioral analysis, functional perturbations, neuroanatomy, we aim to generate brain scale circuit models of simple behaviors in individual brains.

Current Appointments & Affiliations

- Assistant Professor of Neurobiology, [Neurobiology, Basic Science Departments](#) (2018)
- Faculty Network Member of the Duke Institute for Brain Sciences, Duke Institute for Brain Sciences, University Institutes and Centers (2018)
- Affiliate of the Duke Regeneration Center, [Regeneration Next Initiative, Basic Science Departments](#) (2021)

Key moments in the agenda

A fun weekend filled with action!

Friday

Understand the event dynamic
Evaluation Criteria
Pitch fire
Team formation

Saturday

Workshops
Validation time
Mentors help
Build your MVP
Pitch Practice

Sunday

Final touches on your project
Prepare your pitch (& deck)
Pitch to judges
After Party!

Tonight

6:00-6:30 pm

Dinner

Plus networking time

7:00 pm

Welcome!

8:30 pm

Pitch Fire

Get ready to share your idea in 60 seconds

9:30 pm

Team formation

Vote for the best ideas and form teams

10:00 pm

Work time!

Get to know your team and share ideas

You can also use this format to describe what is happening during the weekend.

Judging Criteria

Validation
Execution & Design
Business Model

01 Validation

Did your team get out
and **talk to customers**?

Are you actually
solving a problem?

Have you identified a
specific **target market**?

02 Execution & Design

Do you have
an **mvp** or **prototype**?

Do you have
an **mvp** or **prototype**?

Design matters!

Is your product easy to use?

03 Business Model

How do you plan on making
this a **successful business**?

Are you solving a problem?
(**value proposition**)

Is your idea **unique**?

Pitching Process

Customize background
color in Slide > Edit Theme

1. **Get in line** to pitch
2. **60 seconds** pitch on stage
3. **Tell the organizer** the name of your idea (very important!)

hi, I'm [name]!
the problem I want solve is [problem].
my solution is [solution].
to do this, we'll need [team].
let's rock this weekend!

FAQ

Can I pitch something I've already started on?

No, but well researched and vetted ideas are always welcome.

Can I pitch two ideas?

No, pick your favorite.

What if my idea isn't selected?

Join another team, remember, it's not about the idea.

Can I still work on my idea if it's not selected?

Yes, ONLY IF you have more than two other people on the team.

Can I use any pitch props, slides, etc when pitching?

Props are ok, but slides are not.
Remember it's short!

Pitch anatomy

hi, I'm [name]!

the problem I want solve is [problem].

my solution is [solution].

to do this, we'll need [team].

let's rock this weekend!

Time to Vote!

You have **3 votes**.

Use one **vote per idea**.

You **can't vote for your own idea**.

Appendix

More images and templates for you to use.

Here's a basic text-only slide

You can use it for a variety of applications.

Use this slide with your startup weekend's selected accent color: Go to Slide > Edit Theme, select the bottom color bar, and choose the appropriate theme color for its fill color.

Then delete this note!

This is the most basic layout we've got.

You'll use it more often than you think.

There's a title and optional subtitle on the left, and text on the right like this.

I could keep going, but I think you get the idea.

- Bulleted points can go a little something like this.
- Get it?
- Got it?
- Good.

***People who know
what they're talking
about don't need
PowerPoint.***

Steve Jobs
Co-founder, *Apple*

***People who know
what they're talking
about don't need
PowerPoint.***

Steve Jobs
Co-founder, *Apple*

“Dark mode” slides are fun, but use them sparingly for greater impact and to remain on-brand for Community.

You can use the title area for body copy instead, as well.

You just write one key sentence after another, as shown in this simple example.

Just extend the text box to the center of the slide. Leave the right half empty.

This is a full-width title with no body copy.

Good for diagrams, illustrations, and ideas that go wide. We'll show examples of how to use this later in the presentation.

***Right-click and “change background”
to add a full-bleed image (this text is
optional.)***
