A stylized, overlapping graphic of the word "ERRIAR". The letters are rendered in a bold, sans-serif font. The colors used are blue, red, and black. The letters are layered such that some are in front of others, creating a complex, multi-colored effect. For example, the 'E' is blue, the first 'R' is red, the second 'R' is blue, the 'I' is red, the 'A' is blue, and the final 'R' is red. Black outlines or shadows are also present on some letters.
